By

BRADLEY BENGTSON, MD

BENGTSON CENTER FOR
AESTHETICS AND PLASTIC SURGERY
GRAND RAPIDS, MICHIGAN

fter performing

more than 4,000 breast augmentation and 1,500 breast revision procedures, Dr. Bradley Bengtson has developed a successful process and approach to meeting each patient's desired outcome. "We are always striving for the most natural-looking, proportional results," he says. "We have a unique patient-centric practice. At the Bengtson Center, it's all about the patient." With his innovative approach and utilizing the most current techniques and technologies, he continues to raise the bar for exceptional and consistent outcomes. "The best surgery result is in patients you can't tell have even had it," adds the doctor. "My passion is bringing innovation and art to the practice of plastic surgery."

Navigating implant selection is one of the most important decisions you and your surgeon can make.

WHO I AM

1.

MY DREAM INNOVATION

A new technology that will eliminate seromas and allow for normal healing

2.

CELEB PHOTOS MY PATIENTS MOST OFTEN BRING IN

Jennifer Aniston and Jennifer Lopez

3.

THREE WORDS THAT BEST DESCRIBE ME

Innovative, caring, compassionate

4.

HOW I WOULD SPEND EXTRA TIME IN A DAY

With my family

5.

MY HAPPIEST PROFESSIONAL MOMENT

Fulfilling a lifelong dream of starting, developing and growing my own aesthetic plastic surgery practice

6.

WHAT I CAN'T LIVE WITHOUT

Our Vectra® 3-D imaging and simulation system that allows patients to see potential results before surgery

7.

WHAT SETS MY PRACTICE APART

My practice is constantly evolving as I continue to bring in the most advanced nonsurgical innovations and new surgical techniques and technologies to obtain the best results for my patients

Shaping the Breasts

Despite this patient's minimal volume and constricted breasts, Dr. Bengtson was able to achieve natural-looking, proportional results using "gummy bear" implants.
